

## QUALITY POLITICS

The MECONTROL, S.L Management, in our constant preoccupation to give full satisfaction to our customers and the interested parts and aware of the need for continuous improvement and adaptation of the company to market conditions, has established the following as its Quality Policy:

- By the implementation of the Quality Management System, we manufacture our products in accordance with the customer's requirements and the interested parts and conditions, as well as any other legal or regulatory requirements applicable to manufactured products minimizing the risks and enhancing the associated opportunities.
- By the organisation and rationalisation of the mechanization processes, and those of the Quality Management System, we ensure the quality and improve the company's social climate and the motivation of our employees as much as possible.
- By all the foregoing we improves relationships with suppliers and customers and establishes Quality targets with a view to continuous improvement of the Quality Management System efficiency.
- The MECONTROL, S.L Management has assumed the commitment to disseminate this quality policy to all staff of the organization ensuring that it is understood, implemented, maintained and regularly reviewed at all levels in the company.

Oscar Jarreta, CEO
